Reviews

Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).
(Pasquale Larkin I)

THE PSYCHOLOGY OF DOG OWNERSHIP (PAPERBACK)

Taylor & Francis Inc, United States, 2019. Paperback. Condition: New. Language: English. Brand new Book. What are the benefits of owning a dog on health and well-being? Why does a 'problem dog' behave as it does and how can owners deal with unwanted behaviour? How do dogs communicate with humans and each other? The Psychology of Dog Ownership explores the nature of our unique relationship with dogs and its effect on our mental and physical welfare. The book uses psychological learning theory to examine dog behaviour and highlights the importance of determining between typical dog behaviour and behaviour disorders that need treatment. Focusing on how dog owners can communicate effectively with their pets, and always with the dog's best interests in mind, The Psychology of Dog Ownership enhances our understanding of the modern human-canine bond and shows how important and enjoyable this relationship can be.
